

Our Expert Team:

Freddie Brown, Richard Gonder, Omri Rawlins, Carl Maxson and Roger Collins make up the core of our experienced volunteers. Wayne Dockery has his own shop where he does metal and wood working. We have a new metal saw mounted on a rolling platform at a good working height, so we are able to work more efficiently. Roger Collins is in charge of painting and has moved the painting process to his home workshop. Freddie Brown has reworked all the jigs and made new patterns for every part so that our P.E.T.s are now consistent with the universal blueprints approved by P.E.T. International.

Communications:

Ron Crabtree now manages our website, <http://pettn.org> We would like to produce a newsletter for distribution to friends and supporters in the near future.

Donors and Supporters:

We continue to receive generous support from individuals and groups. We are especially grateful to Mrs. Betty Mullins, who was one of the first contributors to The P.E.T. Project of Middle Tennessee and continues to make regular contributions. The Noon Rotary Club and the Breakfast Rotary Club of Murfreesboro have supported us with gifts and volunteers. Churches from around the state have donated many hours of volunteer help and have contributed funds to help pay for materials. We are deeply grateful to all of our contributors and supporters.

To make a contribution, please copy this form and mail it with your check to the address below. Thank you for your support!

<p>YES! I want to bring the gift of mobility to a disabled person.</p> <p>A gift in <i>any</i> amount helps us bring “the gift of mobility” to persons in need throughout the world.</p> <p>I would like to fund _____ PETs at \$250 each, for a total of \$_____.</p> <p>I would like to contribute \$_____ toward the building of a PET.</p> <p>Name: _____</p> <p>Address: _____</p> <p>_____</p>
